## Program Administration

RIVER STREET  
PLANNING & DEVELOPMENT

### River Street Services:

Grant writing, general management and administration.

### Troy IDA – BEDI Program

River Street Planning provided professional and technical services to support the financing and implementation of economic development projects recommended in the South Troy Waterfront Plan. Specific assistance included assisting the Troy Industrial Development Authority (TIDA) in the administration, management and implementation of the Brownfield Economic Development Initiative (BEDI) Program including grant writing services. The funding included a \$3.0 million loan fund to assist businesses expanding or relocating in the South Troy Waterfront area. River Street provided the TIDA with loan packaging and credit analysis services for the loan fund.
